MVT NEW RESIDENT FREQUENTLY ASKED QUESTIONS

How do I contact the Front Desk?

If you are on the MVT phone system you simply dial zero. The MVT direct phone number is 404-255-3534.

What is the MVT Emergency Call System?

Every residential unit (including PCC) has several emergency call stations. The Master Station is located near the front entrance way. The Master Station has a small speaker located above the button with a red center. There are Pull Stations (with a pull cord attached) located in the sleeping area(s) and in the bathroom(s) or water closets.

- If you accidentally set off either version of the alarms, **immediately** call the Front Desk to let them know and they will come to reset the alarm. **Or you can reset the alarm yourself, and you don't have to call the Front Desk** (see the directions below). You should try to reset the alarm as quickly as possible so Administration will know they don't need to respond.

To Reset either version of the emergency call stations

- For the Master Station, the one with the red button and the speaker, when you push the red button, a lighted button will pop out to the right of the red button. To reset/cancel the alarm, simply press the small lighted cancel button (that just popped out) located to the right of the red button.
- For the Pull Station with the pull cord. If you accidentally pull the cord, a lighted button located above the pull cord will pop out. To reset/cancel the alarm, simply push the lighted button in.

How do I use the laundry room?

Token operated washers and dryers are located in the Laundry Room on each floor. There are token vending machines located in each of the Laundry Rooms and the tokens cost \$1.00 each. Washers use one token and run for approximately 30 minutes. Dryers use one token and run approximately one hour. If you lose money in the machine or find a faulty machine, please contact the Front Desk immediately. The machines use is on a first come, first served basis. Promptly remove your laundry from the washers and dryers. Do not use more than two washers or two dryers at one time. Please clean out the dryer lint trap after each use. The use of the Laundry Room is for Residents only.

What do I do with my trash and does MVT recycle?

Trash must be placed in garbage bags that are small enough to fit down the trash chute.

ABSOLUTELY NO glass should **ever** be put down the trash chute. There is a plastic bin for you to use to recycle clean, washed-out bottles (no lids/caps, no lightbulbs, no broken glass). There is also a plastic bin for newspaper, mail, magazines and cardboard that has **NOT** had direct contact with food. **NO** pizza boxes. Glass that cannot be recycled should be left on the floor of the trash room. Used cat litter should be double bagged and placed in the appropriately labeled plastic bin.

- If you carry your glass items in a plastic bag to the trash room **DO NOT** place the plastic bag into the bin designated for glass. Leave the plastic bag and any lids or tops on the floor or place them down the trash chute.

- If you carry your paper for recycling to the trash room in a plastic bag, **DO NOT** place that plastic bag in the bin designated for paper. You may put it down the trash chute.

If you lock yourself out of your condo please come to the Front Desk and if we have a copy of your condo door key, we will check it out to you for temporary use. Please return the key to the Front Desk once you have gained access to your condo. **If we do not have a copy of your key, a member of the staff will let you in if they have the master key.**

- **There will be a \$10.00 charge for this service.**

What do I do if I have a Maintenance emergency at night or on the weekend?

Call the Front Desk after regular business hours, Sundays or holidays. Emergency maintenance is defined as a problem that is causing or has great potential of causing damage to the facility or harm to a Resident. Examples would be a water leak that cannot be contained or an electrical issue that is causing smoke or fire.

What do I do if I am going to be away from home for several days or longer?

For safety purposes, all Residents are asked to notify the Front Desk and their floor representative when they will be away overnight or longer, giving the expected length of their absence. Please notify the Front Desk and your floor representative upon your return. This will prevent the floor reps and staff from being concerned if they don't see you in the common areas or on your hall. If you are away for an extended period you can accrue/save your meal allocation to use at a later date.

- If a Resident is going to be away for at least 7 days, they should see Susan prior to leaving to complete paperwork to accrue meals for the days they were away. This meal accrual balance must be used within 3 months.

Are you in need of the use of a computer or printer?

MVT provides a computer and printer for your convenience in the Depot/Library which is located on the basement level.

General Information

1. If you are aware that a neighbor or Resident has fallen and is unable to get up by themselves, **UNDER NO CIRCUMSTANCES** are you to assist or try to assist the person in getting up. Immediately call the Front Desk. They will either come to your aid or will call 911.
2. If you have chosen the internal MVT phone system you should have received a phone list with the four-digit in-house numbers. But if you didn't choose the MVT in-house phone service there is an in-house phone located on the table near the double elevator lobby on every floor. Dial zero to reach the Front Desk.
3. There is an audio speaker in all condos. Administration uses the speaker to make announcements both for emergencies and non-emergencies. You will hear a series of chimes and then the announcement.
4. For new Residents, the Maintenance department provides, at no charge, a one-time two hour visit to hang pictures and/or mirrors. Please call the front desk and let them know you have a Maintenance request.

If your kitchen or condo has filled with smoke because you have burned something on the stove or in the oven **DO NOT** open your front door to get rid of the smoke. Releasing the smoke into the common hall will set off the fire alarm system. Instead, **immediately** call the Front Desk to make them aware of the situation. To clear away the smoke, open your sliding patio door. Turning on the kitchen exhaust fan and any other fans may help.

FIRE ALARM INFORMATION AND INSTRUCTIONS

International Fire Code Table 405.2 states all occupants MUST participate in fire drills, even if it is just going to the balcony or stairwell (door). Sandy Springs has a minimum \$1,000 fine for non-compliance with fire drills.

- Make note of the two stairwells closest to your unit, one on either side of your condo door. The Fire Marshall suggested that you count and memorize how many doors are between your front door and the nearest stairwell. This is “IN CASE” the hall is filled with smoke and you can’t see well. COUNT THE DOORWAYS and remember how many doors there are so you can safely reach the stairwell.
- Learn the location of the closest fire alarm pull box and fire extinguisher in relation to your unit.
- When the fire alarm has sounded DO NOT USE THE ELEVATOR to exit the building.
- Just because you can’t see flames you should still evacuate because smoke can travel many floors and is very dangerous.
- If you see fire and/or smoke and the alarm has not sounded try not to panic. PULL the nearest fire alarm. If you cannot get to the nearest fire alarm pull box, call the Front Desk.
- DO NOT try to fight a fire or rescue other Residents.

When the fire alarms sound, MVT personnel and the Sandy Springs Fire Department are immediately notified. Alarms will sound on the floor that caused the alarm, the floor immediately above it and the floor immediately below it. You **should** assume that the alarm sounding IS for a fire, best to be safe and follow the directions on the attached sheet.

Additional Information

1. You are not required to try to save your neighbors, leave that for the professionals. You may knock on your neighbors’ doors to make sure they are aware of the alarm.
2. Mount Vernon Towers was constructed to type A1 standards. The building structure is all concrete and steel, fully protected by automatic sprinklers, and monitored by smoke sensors which will trigger an alarm when activated.
3. We are a fully sprinkled environment.
 - The sprinklers are located where they’re likely might be a heat source incident and are situated so they will provide full coverage. All the sprinklers won’t necessarily activate at the same time. Only the one(s) above the affected area will activate.
 - The sprinklers are designed to contain the fire to a certain area but it is possible they *may* not extinguish the fire.
 - The smoke detector located inside your condo is very sensitive. Burning toast, bacon, etc., will cause it to sound.
4. There are smoke detectors throughout the building including inside the HVAC ducts.

If your kitchen or condo has filled with smoke because you have burned something on the stove or in the oven **DO NOT** open your front door to get rid of the smoke. Releasing the smoke into the common hall will set off the fire alarm system. Instead, **immediately** call the Front Desk to make them aware of the situation. To clear away the smoke, open your sliding patio door and maybe a window. Turning on the kitchen exhaust fan may also help

Keep this information in an easily accessible place.

IF THERE IS FIRE IN YOUR UNIT

- If possible, call the front desk and also activate the in-house emergency call system, either by pulling the cord or pushing the red button.
- If the fire is between you and your front door, dress for the weather, turn on your outside light and go outside on your balcony. Close the sliding glass door behind you and wait for the Fire Department to assist you.

WHEN THE FIRE ALARM SOUNDS:

- Place the back of your hand (so you don't burn your palms) on your front door to check to see if the door is warm or hot. If the door is warm to the touch **DO NOT OPEN IT!**
- If possible, unlock your front door so that Fire Department personnel can reach you.
- Dress for the appropriate weather conditions, turn on your outside light, go out on your balcony and close the sliding glass door behind you. Wait for the Fire Department to assist you or until you hear the all-clear announcement from the Front Desk.

If your entrance door is not very warm or hot to the touch, stand to the side of the door and open it very slowly. If you don't see smoke and/or fire in the hallway, go to the nearest stairwell. When you open the stairwell door make sure the stairwell is free of smoke before entering.

- Once you are in the stairwell if you are not physically able to walk down the stairs, wait there on the landing for the Fire Department to assist you. The stairwells are rated for two hours of protection from fire, heat or smoke.
- If you are physically able, be sure to use the handrails as you descend the stairs. Go all the way down the stairs and you will either exit onto the courtyard or to the basement.
- If you exit in the basement then exit the building and walk to the upper level of the parking deck.
- **If you can't physically open the stairwell door by yourself, wait in the hall at the stairwell door for either Fire Department personnel to assist you or you hear the all-clear announcement from the Front Desk.**

If there is smoke or fire in the hallway. If possible, leave your front door unlocked. Dress for the appropriate weather conditions, turn on your outside light, go out on your balcony and close the sliding glass door behind you. Wait for the Fire Department to assist you or until you hear the all-clear announcement from the Front Desk.

If your kitchen or condo has filled with smoke because you have burned something on the stove or in the oven **DO NOT** open your front door to get rid of the smoke. Releasing the smoke into the common hall will set off the fire alarm system. Instead, **immediately** call the Front Desk to make them aware of the situation. To clear away the smoke, open your sliding patio door and maybe a window. Turning on the kitchen exhaust fan may also help.

Mobility Vehicles (Battery Operated Scooters & Chairs)

Mount Vernon Towers wants to provide reasonable accommodation to those Residents who require motorized assistance in moving independently about the complex so long as these accommodations do not endanger the health and safety of other Residents or impose undue hardship on other Residents.

Mobility vehicles or power chairs are only allowed to use the middle two elevators. They are NOT allowed to use either the elevator at the end of the A or the end of the B halls. There are places designated for parking mobility vehicles in MVT common areas. When not in use or parked in these common areas, the mobility vehicle must be kept within the confines of the operator's condominium. Unoccupied mobility vehicles may be moved by MVT Staff if they are left in areas not designated for parking.

Mobility vehicles are conveyances powered by batteries and include scooters and power chairs. Power chairs have no steering parts in front of the operator's feet and when facing forward at a standard height table the operator has unobstructed access to a table.

Power Chairs (see definitions) are the only authorized mobility vehicle for use in the Dining Room. Scooters not in use must be parked in a designated parking area outside of the Dining Room. Under special conditions and with management's approval, non-conforming mobility vehicles may be permitted in the Dining Room.

Mount Vernon Towers Condominium Association, Inc. bears no responsibility or liability for any damages and/or injuries caused by the use of mobility vehicles. The total liability rests on the Owner and/or operator of the mobility vehicle.

Failure to operate the vehicle according to the rules in this policy and as outlined herein will result in a warning. Repeated warnings or unsafe operation could result in fines of up to \$75.00.

Assignment of Parking Spaces

- Management has the sole authority to issue parking spaces. Residents cannot lease, sell, trade, or transfer their space to any individual.
- Management has the authority to transfer a Resident from one space to another at its discretion.
- Disabled Residents who have a valid blue disability (handicapped) card will be given first priority on spaces. All other Residents will be given second priority on spaces closest to the entrances of the building.
- Mount Vernon Towers management has the authority to limit the number of spaces "reserved" for new Residents.

Postage/Stamps

Postage stamps are available for purchase at the Front Desk during the hours of 8:00 a.m. to 5:00 p.m. daily. The charge will be added to your monthly statement.

Resident List

A resident list is available at the Front Desk. The list includes the current Residents, their condo number and phone number.

Security

- The Front Desk is monitored 24 hours a day, 7 days a week. The Front Desk staff constantly monitors the eighty plus cameras in the facility.
- Mount Vernon Towers is surrounded by a gated fence that prevents entry onto the property unless a person has an access card or permission via intercom communication with the Front Desk.
- Access cards, key fob or verbal permission to enter the building are required at the east wing ramp glass door, the east wing ("B" building) lower-level glass door or the main entrance at the front of the building glass door.

- There is no restriction on entering the doors into the building from the western side or northern interior side of the building (“The Courtyard”).

Security/Access Cards or Fobs

Door access cards are credit-card-sized security cards. Key fobs are round security tokens intended to be worn on a key ring. A card or fob is necessary to access most exterior doors to the building. Residents must either use a security card or fob to sign in for meals in the Dining Room. (They are also needed to sign in guests.)

- ***Each Resident will receive one door card during orientation at no charge.***
- ***A Resident may purchase a key fob for their personal use for a one-time fee of \$10.***
- A Resident may request, in writing, that a card be issued to a relative or an employee of that Resident. A \$25 charge is made for these cards. The relative or employee must apply for the card in person at the Front Desk. These cards will activate only the doors on the lower level at the double elevator and at the bubble canopy outside of the Library/Depot. Management reserves the right to refuse any such request.
- All card use is monitored. The computer system tracks all activity listing time, day, and location of entry, as well as the identity of the card user. These cards cannot be duplicated, and MVT management has computer capability to deactivate a card.
- A card is issued to only one person. The card may not be sold, traded, given to, or used by another person. Any violation of this policy will carry a \$25 fine and possible suspension of the card.
- There is a \$5 replacement charge for a lost card. There is no charge for replacement if the card becomes damaged through no fault of the card holder.
- When a Resident terminates a lease or sells a condominium, all associated cards must be returned to MVT management.

Transportation

- Mount Vernon Towers owns and maintains buses that are used to transport our Residents to various outings, run errands and go to medical appointments. The vehicles operate on a first come, first serve basis. One of the buses has the ability to accommodate two passengers that use a wheelchair or electric mobility devices.
- Residents must be able to board and exit the van or bus without assistance of MVT personnel. Residents must be able to manage independently upon arrival at the destination.
- Medical/Dental Appointments – Transportation to medical and dental appointments within a *five-mile radius* are regularly scheduled for Mondays and Tuesdays. The bus leaves our facility at 8:30, 9:30, 10:30, 11:30, 1:00 p.m. and 2:00 p.m. The bus and driver are not available between 12:00 p.m. and 1:00 p.m. To reserve a place on the bus, call the Front Desk at 404-255-3534 or ext. 3106 at least one day prior with the doctor’s name, address and telephone number. Make appointments with your doctor to allow time for the bus to deliver you and others. You might not be the first person dropped off at your destination. Call the MVT Front Desk at 404-255-3534 when you are *completely* ready to be picked up. The bus and driver will be out of service after 4:00 p.m. so you must have your own transportation in the event you are not able to return to MVT before 4:00 p.m.

- The bus schedule is published each week in the Towers Talk and is available on channels 1-6 and 1-18 of the MVT satellite TV system. In general, weekly trips are made to banks, dry cleaners, grocery stores, and pharmacies. There is usually no charge for these trips.

Condo Residence

Absences from the Facility

For safety purposes, all Residents are asked to notify the Front Desk and their floor rep when they will be away one night or for multiple nights, giving the expected length of their absence. Please notify the Front Desk and your floor rep when you return. If it is known that you are away from the facility it prevents the floor reps and staff from being concerned if they don't see you in the common areas or on your hall.

Air Conditioning/Heating

Individually controlled heating and air conditioning is provided to each condominium. A thermostat is located on the living room wall so you can regulate the cooling/heating and air in your condominium as you desire. Please consult the Director of Maintenance before you upgrade your thermostat to make sure it is compatible with MVT systems.

Association Fees, Late Fees and Collection Policies

Association fees are set annually by the Board of Directors and are subject to the approval of the Owners at the December Annual Meeting. As required under the Association's governing documents, dues are to be collected by the 11th of each month. On the 12th day, your account will be considered late. If necessary, negotiations of late HOA fees may be discussed between Owner and Management before payment is due on the 11th of each month.

When an account has been declared late, the Unit Owner(s) and any Tenant(s) will be notified and required to reimburse the Association for its' time, inconvenience, and overhead in collecting the past due amount described below:

- A 10% late fee charge will apply for all invoices not paid by the 12th of the month.
- Consecutive 10% per annum interest charge will be applied to the entire outstanding debt until full payment has been received and cleared.
 - A 10% interest fee will NOT be charged for the month the payment is due but will be charged thereafter. Late fees and interest charges are separate items.

Damage to Condominiums

- Although Mount Vernon Towers maintains each Owner’s plumbing, heating and air conditioning, repair of damages inside a condominium caused by the plumbing, heating or air conditioning systems is the Owner’s responsibility.
- Repair of damages originating outside a condominium (such as water from the roof or sewage backup) are the Owner’s responsibility, unless the damages are the fault of a neighboring condominium, in which case the Owner of the condo causing the damage is responsible.
- Check with your insurance agent to make certain you have adequate coverage.

Door Locks/Lockouts

- The door locks belong to the condo Owner. All Residents are encouraged to leave a copy of their condominium key and their mailbox key with the Front Desk where they will be stored in the Lock Box. If you want to opt out of leaving a key at the Front Desk, please ask for and complete the master key waiver available at the Front Desk.
- If you lock yourself out of your condominium, please come to the Front Desk. If we have a copy of the key to your door in our Lock Box, we will check it out to you for temporary use. **If we do not have a copy of your key, a member of the staff will let you in if you are on master. There is a \$10.00 charge for this service.** If your lock is not mastered and we must call a locksmith or open the door with something other than our master key there will be additional fees based on the circumstances.
- We cannot open your mailbox for you without a key.
- The locks on the condo doors belong to the condo Owners. However, Mount Vernon Towers has selected a particular color and type of lock we prefer you to use. You may contact the Director of Maintenance for this information.
- We encourage you to be keyed to our master system.

Door Mats/Decorations

As a safety precaution, no Resident may place any kind of doormat in the hallway in front of the door. Such mats are a hazard to cleaning the carpets or floors and to walkers in the halls. Decorations must be confined to the recessed section between the unit's door and the hallway wall. After an initial warning for a violation the resident could incur a fine.

Emergency Call Stations

Every residential unit (including PCC) has several emergency call stations. The Master Station is located near the front entrance way. The Master Station has a small speaker located above the button with a red center. There are Pull Stations (with a pull cord attached) located in the sleeping area(s) and in the bathroom(s) or water closets.

- For Residents of Independent Living the **only time** you should use the Emergency Call System is (1) if you have a medical emergency or (2) if there is a fire in your unit and the fire is between you and your front door.
- If you pull or activate the Emergency Call System a MVT employee will call your unit to make sure you are OK. If you do not answer the phone, 911 will be called immediately.
- If you accidentally set off either version of the alarms, **immediately** call the Front Desk to let them know and they will come to reset the alarm. **Or you can reset the alarm yourself, and you don't have to call the Front Desk** (see directions below). If you reset the alarm quickly enough, then Administration will know they don't need to respond.
- PCC Residents will be given separate usage instructions for your Emergency Call System upon move-in. All the PCC sleeping areas have a "master station" that works the same way as those in independent living but instead of being located on the wall they have a cord with a button at the end for use in bed, similar to what is used in hospitals. All the water closets have Pull Stations. There is also a corridor light above the door which turns on to notify the staff that the system has been activated.

To Reset Either Version of the Emergency Call System

- For the Master Station, the one with the red button and the speaker, when you push the red button, a lighted button will pop out to the right of the red button. To reset/cancel the alarm, simply press the small lighted cancel button (that just popped out) located to the right of the red button.
- For the Pull Station with the pull cord. If you accidentally pull the cord, a lighted button located above the pull cord will pop out. To reset/cancel the alarm, simply push the lighted button in.

Personal Care Center/PCC

One of the many amenities offered at Mount Vernon Towers is a Personal Care Center located above the service center. It offers a warm and inviting setting for individuals who need additional personal care after surgery, during rehabilitation, giving your personal caregiver a much-needed break or whenever a 24/7 in-home caregiver is just not an option. Our Personal Care Center is offered to our independent living seniors, but you do not have to live at Mount Vernon Towers to take advantage of this amenity. This area can be accessed via the elevator located between the dining room lobby and the sun porch.

Personal services include assistance or supervision with the activities of daily life such as self-administered medication, ambulation and transfer, eating, bathing, grooming, dressing, and toileting. The Mount Vernon staff also provides housekeeping, laundry service, assistance writing letters, shopping, and using public transportation. Every residence has a bed, bedding, water closet, lavatory, and TV. Some residences have individual showers for additional privacy. The residences can be fully furnished so all you need are the personal items you enjoy.

The ideal Resident is a person who can move from place to place by walking, either unaided or aided by prosthesis, brace, cane, crutches, walker, or handrails, or by propelling a wheelchair. Residents must be able to respond to an emergency by evacuating with minimal human assistance, other than the personnel guiding a Resident to an exit, using the normal means of egress. Each Resident will receive a personal assessment to determine the best approach to accommodate their personal needs, whether a medication regimen or simply the best way to ensure you can move freely and thrive in your home and on our campus.

Our kind and helpful staff includes an Administrator and caregivers who are available 24/7. All our caregivers and staff members have had criminal background checks and have been certified to provide personal care services. Most staff have hospital and other previous healthcare experience. We have also partnered with a notable wellness group which provides us with visiting medical professionals such as medical doctors and a dentist. Our mission is to provide respect, dignity, and gentle care to any Resident always, whether your stay is for days or months and to ensure your visit will be a comfortable, engaging, and happy experience.

The entire staff at Mount Vernon Towers works hard to provide fun and laughter as well as a sense of community for everyone. Activities such as concerts, games, special events, and faith services are available to each Resident. Another key goal is to promote physical, mental, and social well-being. Residents in our Personal Care Center enjoy three meals a day and snacks in the afternoon. Additionally, Residents are encouraged to participate in many of the activities that are available to our Residents who live independently in the Towers. Examples are the swimming pool, fitness center, and games such as cards, puzzles, and board games. Personal Care Center Residents may participate in many other social activities including community outings.

For more information or to make an appointment for a tour please call Afoune Remy, the Administrator of the Personal Care Center at 404-255-8001 or dial ext. 3113.
