

TOWERS TALK

FEBRUARY 6 - FEBRUARY 13

ADMINISTRATION CORNER

Happy Friday, everyone! I hope you've all had a fantastic week and are enjoying the warmer weather compared to the past few weeks. Let's hope the old wise tale about the

groundhog's shadow doesn't hold true for us this year!

I don't have much to share this week, just a few quick updates and a couple of items I want to address.

First, the Trash Room. This continues to be a hot topic, but I do want to start by acknowledging the progress I've seen. Several floors have made noticeable improvements in keeping their trash rooms clean, orderly, and in proper working order, and both I and the staff truly appreciate it. Thank you! That said, a few floors still need some work, and we're continuing to see items going into the wrong bins.

One important note: we stopped recycling plastic several years ago due to its complexity. This week, we found plastic in the paper bin (which is not allowed), along with some glass as well. Please take a moment to review the trash room rules included in this week's Tower Talk. Keeping things sorted

correctly helps us avoid contamination issues, which can become very costly with the solid waste company that removes our trash and recycling.

Next, Dining Room safety. I want to address something important for everyone's well-being in the Dining Room. Over the past couple of weeks, we've had a few accidents and close calls involving mobility devices. With servers carrying trays, residents moving throughout the room, and tight walkways during busy mealtimes, it's critical that we keep traffic flowing safely.

Power Chairs are the only authorized mobility device permitted to remain at the dining table. A power chair is a motorized wheelchair intended for seated mobility and controlled indoor use (typically operated by a joystick). Scooters are not permitted to be used as seating at the dining table. If you arrive by scooter, it must be parked in the empty space at the front of the Dining Room.

Also, once you are seated, walkers should be parked up as well. If you are dining with someone who can assist you by moving your walker out of the way, please do so. If you are dining alone, or no one is able to assist you, simply ask your server and they will be glad to help.

ADMINISTRATION CORNER continued

A quick note about birthdays. We publish resident birthdays in our monthly calendar and on our in-house channels (when operational) based on the information in our key card system. If your birthday is not listed, it's because we do not have your date of birth on file from your door card application. If you've noticed yours is missing, please email me your date of birth so we can update our records.

And finally, Valentine's Day fun! With Valentine's Day coming up next week, we have a few sweet things planned.

Since Valentine's Day falls on a Saturday (when we're not open for dinner), we'll be featuring a sweetheart lunch special, including a delicious chocolate molten lava cake for dessert. This will be a normal lunch charge. Please refer to the menu included in the Friday the 13th Tower Talk.

Also, join me for a Valentine Pop-Up Happy Hour on Tuesday, February 10 at 2:30 PM in the Back Lobby!

And last, but definitely not least? Looking for a fun way to let your neighbor, friend, secret admirer, or significant other know you're thinking about them this Valentine's Day? Great news, we are now selling Valentine Grams!

This year's Valentine Gram includes an 8.5 oz Valentine mason jar filled with chocolates, along with a custom note card from the sender. Sugar-free is available as an option when ordering. Valentine Grams are \$6.00 each and will be billed to your monthly billing statement.

Deliveries will take place on February 11 (and possibly February 12, depending on the number of orders). All proceeds will go toward our charity endeavors, such as Solidarity.

To order, please fill out a form at the Front Desk no later than Tuesday, February 10th at 1:00 PM.

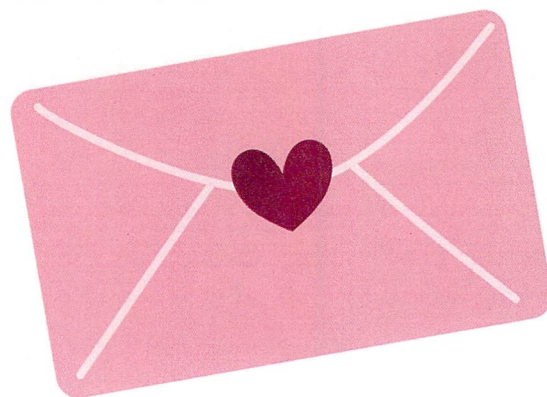

This is always a fun event, and I hope you'll participate.

Wishing you all a wonderful weekend! As always, please feel free to reach out if you need anything.

Warm regards,

Rita Malone

Executive Director

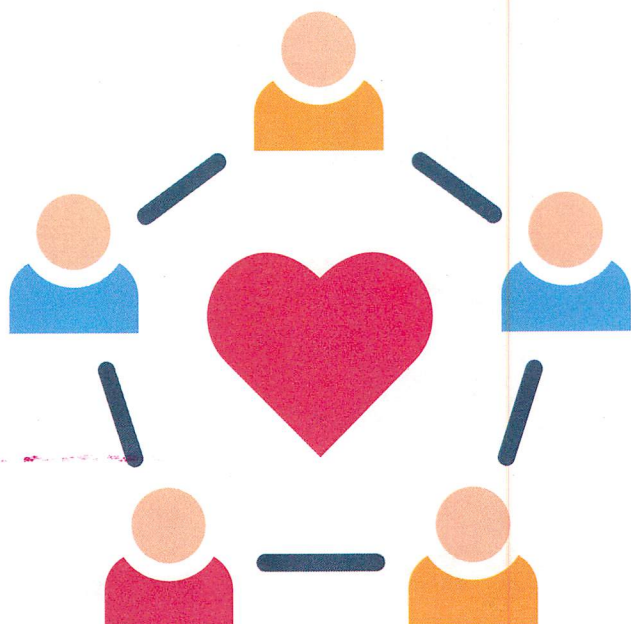

HAPPY BIRTHDAY

Help us wish a very Happy Birthday to:
Jean Bliss, Nancy Krincek (2/6), Sarah Lee Flint, Jill Catullo (2/8), Carolyn Yost, Mary Staten (2/9), Marilyn Kodesh (2/11)

Wishing you all a wonderful birthday week filled with smiles, love, and a little extra cake!

Community, Comfort & Connection

This month is all about cozy moments, friendly faces, and finding little reasons to smile every day. Whether you're enjoying a warm cup of coffee, chatting with neighbors in the lobby, or joining in on one of our community activities, February is the perfect time to slow down and soak in the comfort of home. And let's be honest—everything feels a little brighter when it's shared with good company!

With Valentine's Day in the mix, February is also a wonderful reminder that love comes in many forms—friendship, laughter, kindness, and community. So come join us for the fun this month, meet up with neighbors, and make a few sweet memories along the way. Here at MVT, you're never far from a friendly hello, a good conversation, and a place where you truly belong.

Trash/Garbage Disposal and Recycling

- A Trash Room is located near the Laundry Room on each floor. It is the Residents' responsibility to follow these rules and ensure that anyone working for them is also aware of the following rules.
- All trash and garbage put down the trash chute must be tied in plastic bags and be small enough to fit down the chute (regular kitchen trash bags or grocery store plastic bags work well). Do not place unwrapped sanitary items including diapers down the chute. These items should be securely bagged before being placed in the chute.
- If you carry your glass items in a plastic bag to the trash room **DO NOT** place the plastic bag into the bin designated for glass. You may put it down the trash chute.
- If you carry your paper for recycling to the trash room in a plastic bag, **DO NOT** place that plastic bag in the bin designated for paper. You may put it down the trash chute.

The following items may be placed in the Paper Recycle bin

- Newspapers, magazines and catalogs
- Mail
- Shredded paper NOT in plastic bags
- Small cardboard boxes broke down (NOTHING that has had direct contact with food) with wax and with plastic inserts removed. Pizza boxes should be folded in half and placed down the trash chute. Larger cardboard boxes flattened and placed behind the PAPER/CARDBOARD container (Multiple boxes require a work order and to be picked up from your condo)

- **ABSOLUTELY NO** glass should be placed down the trash chute.
 - Rinse glass bottles and jars and place them in the glass recycle bin. Remove caps or lids. The lids or caps can be placed down the trash chute.
- Used cat litter should be double bagged and placed in the labeled plastic bin located in the trash room.

Violators will be fined.

Examples of this week that are not acceptable:

PLASTIC
NOT
ALLOWED
IN PAPER

GLASS NOT
ALLOWED
IN PAPER
RECYCLE

TABLE 300
